

WE ARE GLAD

Every citizen of Portsmouth will rejoice to learn that the hundreds of employees of the Pacific Mills of Dover who have been on strike for the past eight months, returned to work Monday morning. Our people offer their sister city best wishes and the hope that this means prosperity and amicable arrangements between employer and employee for years of steady employment. The conditions that so upset the business situation of our up-river city, also had its effect in the surrounding towns and this city. Whatever retards the progress of Dover is immediately felt here in our own city.

LET US HAVE PEACE

THE WEATHER

Washington, June 10.—Forecast for northern and southern New England: Mostly cloudy tonight, Wednesday probably local showers. Not much change in temperature. Moderate northeast, shifting to southeast winds.

ARREST BOSTON CROOK AT DOVER

Dover, June 10.—In municipal court yesterday a man who gave his name as Robert J. Harris of 32 Merrimack street, Manchester, was arraigned on three complaints, first with operating an automobile without a license, second with committing an assault on Automobile Inspector Ralph W. Caswell and third with the larceny of an automobile.

To the charge of operating an automobile without a license he was fined \$25 and costs, total \$33.86. On the charge of committing an assault on Inspector Caswell he was fined \$20 and costs of \$9.20. On the charge of

larceny of an automobile he entered a plea of not guilty and a continuance of one week was asked.

The local police learned from the bureau of criminal investigation at Boston that the respondent is known as John F. Dillon and as "Chick" Dillon. They claim, participated in the automobile thieving activities during the time of the Barney murder some time ago. They state that he has also served two years for automobile larceny and on Nov. 20, 1923, under the name of James H. Burke at Fall River was arraigned on the charge of forgery and released on heavy bonds and the case is still pending.

ROLLINS CASE IN COURT AGAIN AT HAMPTON TODAY

Married Couple Deny They
Are Brother and Sister—
Many Witnessed Called
by the State

ROLLINS CASE

The case of Louis and Elizabeth Rollins who the state claim are brother and sister and who were married last April, was up for the second time today in the police court at Hampton before Judge H. L. Lamprey. This couple when placed under arrest a week ago, denied that they were brother and sister when brought in court on the charge of participating in an incestuous marriage. Today they were represented by an attorney of Amesbury when the case opened at 10 a. m. and the state by County Attorney J. R. Waldron.

About 50 people were in the court room but a great number of them are witnesses from Newton, Barrington, Lee and Amesbury. Six or eight had been examined when the court took a recess at noon until 2 p. m. The case will take up the rest of the day and perhaps part of Wednesday.

DENBY CALLED AS WITNESS IN OIL PROBE

Washington, June 10.—Edward Denby, former secretary of the navy, was summoned today to testify before the Federal grand jury here investigating naval oil leases.

BIG CONVENTION IS ON AT CLEVELAND

HERE THEY ARE--

The Herald Boys who Serve Your
Favorite Paper

LIVE WIRE NEWSIES

Rollins Eaton

"A cheery smile helps a long way in selling papers," so says Rollins Eaton, one of the bright, active Herald newsies, and he ought to know for he has a big list of customers who all say he is a hustler at all times. The picture shows him posing for the camera man with a happy look and his big bundle of Herald's about to be delivered. Rollins is fond of the outdoor life and sports. His job delivering Herald's keeps him busy part of the day but he manages to find time for outdoor play after "working hours," although he says it is no work to sell the Herald. He is just finishing the fifth grade in the Haven school where he is a favorite among his classmates. He is the son of Mrs. Nellie Eaton of 25 Hunking street.

MILLERAND REFUSES TO QUIT OFFICE

(By Associated Press)

Paris, June 10.—President Millerand in a message sent to Parliament today refused to resign his office.

Paris, June 10.—The French Senate today by a vote of 154 to 144 overthrew the "ministry of a message" of Frederick Francois Marsal. The ministry was constituted on Sunday for the express purpose of presenting to both houses of Parliament today the message of the chief executive expressing his refusal to resign his office. The Senate overthrew the short term ministry by voting down the demand of former Minister of Agriculture Henri Cheron, spokesman for M. Francois-Marsal for an interpellation on the presidential crisis.

TRIAL FOR KIDNAPING COMES FIRST

(By Associated Press)

Chicago, June 10.—Nathan Leopold, Jr., and Richard Loeb, admitted kidnapers and slayers of Robert Franks, millionaire's son, will be tried first on charges of kidnaping for ransom preliminary to their trial on murder charges, states attorneys have decided. Both are capital offenses. The move is planned to show the relative strength of the cases of the prosecution and the defense, particularly the status of the youths' confessions concerning which there is doubt as to their right of admission as evidence. States Attorney Crowe, who has not made a court appearance in eight years, personally will direct the court proceedings.

FIND FORMULAS FOR MAKING EXPLOSIVES

(By Associated Press)

New York, June 9.—Dr. Oskuma Terada, Japanese physician and explosive expert, whose apartment was raided last night by police who said they found formulas and diagrams for making high explosives, today was being held in \$1500 bail on a charge of having a revolver in violation of the Sullivan Act, a state statute forbidding the unauthorized possession of firearms.

ORDER BIDS FOR THE NEW BRIDGE

Several Petitions Granted by
Public Works on Mon-
day Night

The Board of Public Works on Monday night disposed of several petitions which seemed to be the bulk of the business for the session. Smart was absent. Mayor Dexter presided.

Petitions of Portsmouth Gas Company to open Lawrence St., Salter St., and Maplewood Avenue to install gas services at several houses were granted.

Petition of William J. Gallagher to hang an electric sign at 53 High street was granted under supervision of the superintendent.

Petition of Louis Shapiro for grant of a walk on McDonough street was granted under the following condition: Petitioner to pay full amount and to receive reimbursement from City when funds for such work shall become available.

The Superintendent was authorized to advertise for bids for the building of a bridge from Mechanic street to Pierce Island.

Bills amounting to \$1,123.16 on account of the water and highway divisions were approved and ordered paid.

VIRGINIA MASONS VISIT PORTSMOUTH

This city was the scene of an interesting gathering today when twenty-two members of Washington lodge, A. F. and A. M. of Alexandria, Virginia, escorted by 20 members of Beverly lodge visited the historical points of interest about Portsmouth. It is the 100th anniversary of the annual reunion between the two lodges. One year the members of Beverly lodge make a pilgrimage to Alexandria and the next year the members of Washington lodge visit Beverly lodge. George Washington was the first master of the lodge at Alexandria. This noon they dined at the Rockingham and visited the original room where Washington was dining. After

luncheon they motored over the Memorial Bridge to the navy yard and this afternoon will make a tour of the city, visiting Masonic Home and other points of interest.

LODGERS PLENTIFUL

There was no police court this morning but the cold weather of the past three days has driven in the lodgers for shelter evenings. Last night there were seven registered and tonight promises to equal that number. It is reported that there are more Knights of the Road around this section than usual this year.

Constipation makes bright children dull— give them relief with Kellogg's Bran

Constipation dulls the youthful mind—makes children backward in their studies—makes them listless—and can lead to serious diseases. Constipation is a dangerous disease.

You cannot afford to take chances in getting relief. You cannot afford to experiment or put off. Kellogg's Bran brings relief—permanent relief if eaten regularly. Even in the most chronic cases of constipation it is guaranteed to bring results. If it fails, your grocer will return your money.

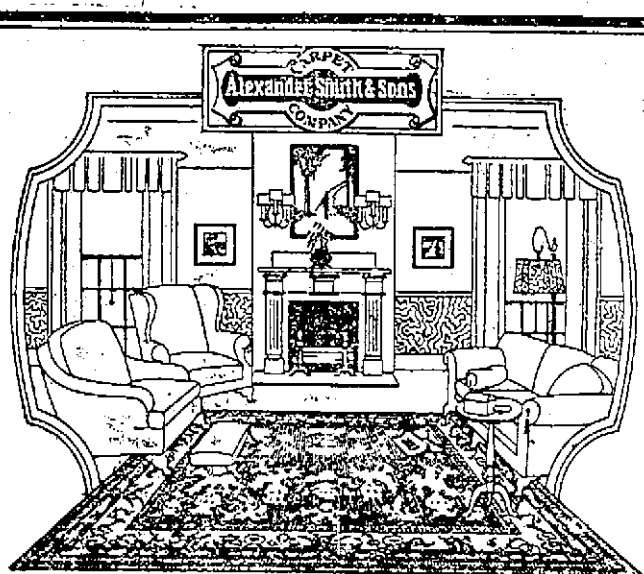

Kellogg's Bran, cooked and krumbled, has brought relief to thousands because it is ALL bran. Remember, only ALL bran can be 100 per cent effective. That is why Kellogg's Bran is recommended by doctors. It sweeps, cleans and purifies the intestine. It

causes regular, healthy, normal action. For it works as nature works. It is ALL bran.

Have your children eat it regularly—two tablespoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the wonderful recipes on every package.

The flavor is delicious—a crisp, nut-like flavor that delights the taste. Different by far from ordinary bran, which are unpalatable.

Begin serving Kellogg's Bran, cooked and krumbled, to your children to-day. Eat it yourself. The leading hotels and clubs serve it. Made in Battle Creek. It is sold by all grocers.

NEW YORK

PLAN CAMPAIGN OF EDUCATION

Los Angeles, Calif., June 9.—If the average citizen were as vehement in protecting the water rights of his community as he is in condemning the private sale of the nation's oil and if the man who complains about the officials who exploit the nation's coal were as careful about pulling up plants and cutting down trees, the natural resources of the United States would be protected better, according to the speeches made at the biennial convention of the General Federation of Women's Clubs.

In bringing home the responsibility of the individual citizen for conserving national resources, the federation made a practical application of the problem, conforming with the rest of today's practical program, which dealt with applied education, and was in charge of Mrs. John Jickinson Sherman of Estes Park, Colo., one of the three candidates for president.

Twenty-eight major activities have been carried on this year by the department working in relationship with 64 federal agencies and other national organizations, according to Mrs. Sherman's report. "Conservation illiterates" was the term she applied to the people of the United States.

She approved national parks, condemned the cutting of California redwoods, advocated the Boulder Dam project and urged the use of Muscle Shoals without defining the means. Bird and wild flower protection, abolition of advertising signs from the highways, a continued program of highway construction and maintenance, tree planting and teaching of natural science in the public schools also were approved.

Mrs. Sherman gave the following summary of legislation in which the federation is interested:

Because there is need to establish migratory bird refuges to furnish homes for migratory birds, we are supporting the Mississippi National Wild Life Refuge. We are also supporting the Roosevelt Sequoia National Park bill and a bill to increase the area of the Superior National Forest.

The national parks roads bill, providing for the building of roads within the boundaries in the parks, has been enacted into law.

We have had a very distinct part in the defeat of legislation to exploit Yellowstone National Park for commercial purposes, thus saving for the enjoyment of people one of the most beautiful of all mountain lakes and preventing the establishment of a precedent for invasion of other national parks.

Bills to create national parks on small areas that do not measure up to national park standard have been defeated.

We are working for the federal Department of Education Bill and to remove illiteracy.

State-wide campaigns for kindergarten extension, vocal education for boys and girls between 14 and 18 years old, free public country libraries and better American speech were advocated. Mrs. Sherman continued:

What is the matter with the American home? The things are an appalling lack of parental control, a lack of understanding between members of a family of different generations, and a lack of reverence for the sacred institutions of life. Without religion in the home, the foundations of character will ultimately be undermined and destroyed.

Coatcape

Because there is some doubt as to whether this is a coat or a cape, it is known in fashionable circles as a coatcape. The lower portion is pleated to a capelet top with an embroidered collar. The material is pique (twill) in the new rust shade.

On the material side is the mere mechanics of the home, which occupy so much time that there is none left for the heart of the home. We need more efficiency in our households. Ninety-two per cent of the home women of the United States do their own work. Doing hard work toward a noble end is a worthy thing.

But wasting hard work is sheer folly. There is no reason why a woman should emulate the snail by carrying the whole burden of a heavy house upon her back. Beauty, art and literature have their place in the home, and it should radiate harmony, friendliness and wholesomeness.

TRAVEL CONDITIONS REPORT TENDERED

Concord, June 7.—Travel conditions throughout routes in New Hampshire as reported to the state highway department indicate much construction and repair work in progress, though all of the roads are in passable and most of them in fair condition.

The Babboc road, from Manchester to Milford, is 49 per cent completed and was oiled in Amherst from June 1 to June 7.

The Baker's Pond road, from Wentworth to Oxford, is 16 per cent completed and is in fair condition. The Berlin-West Milan road is only eight per cent completed, with "improved section good and unimproved section fair."

The Central road, Dover to Hopkinton, Warner, Bradford, Newport and Claremont, is 72 per cent completed, though tar and oil are soon to be applied in several places and there is construction work in Claremont and Epsom.

The Cheshire road from Hillsborough to Brattleboro, Vt., by way of Keene, is 17 per cent completed, and except for application of oil in Chesterfield is in fair condition.

The Crawford Notch road (T. R. Highway), Daniel Webster highway and Dartmouth College road are 100 per cent complete, but repair and other work is in progress on some sections of

all of them and a few short detours are indicated.

The Derry-Raymond road, seven per cent completed, and the Contoocook Valley road, 48 per cent completed, are both for the most part in fair condition. The East Side road, Portsmouth to Errol and Colebrook, is 85 per cent completed, but resurfacing, oiling and other work are in progress or contemplation. North of Berlin, the road is in fair condition.

Franconia road, Profile Notch to Littleton via Franconia, is 76 per cent and the Gorham Hill road, Gorham to Lancaster, 85 per cent completed. The first is in fair condition; on the second construction work is soon to be started. The Hampton road is also the scene of construction work but is passable.

The Lafayette road is 100 per cent completed and is in good condition from the Massachusetts state line to Portsmouth.

Forty-five per cent of the Hudson-Derry road has been finished and it is in fair condition. On the Mascoma Valley road, 45 per cent completed, there is construction work, but the whole is passable.

The New Hampshire College road is half-done and the improved section is in fair condition. The same description applies to the Ocean road.

Extensive construction projects have been started on the Monadnock and Moosilauke roads and there are some detours. The first is 48 per cent and the second 72 per cent completed. The Rockingham road, Manchester to Salem, is 100 per cent completed, but repair work necessitates a four-mile detour near Derry. The South Side road, Portsmouth to Keene through Nashua, is 98 per cent completed and is everywhere passable except for short detours at places where work is in progress. The Whittier road, Meredith to Ossipee, is almost 100 per cent completed and is for the most part in fair condition. The Winnepesaukee road, Lakeport to Rochester, is 62 per cent completed.

The Rocky Pond, Concord, to Laconia, by way of Loudon and Belmont, 25 per cent completed, is very rough on unimproved sections.

Figures as to other highways are: Raymond-Plaistow road, 74 per cent

completed; Soo-Nipi Park road, 42 Lake road, 75 per cent completed; per cent completed; Ossipee Mountain Suncook Valley road, 33 per cent completed; 52 per cent completed; Sunapee pleted.

Such popularity must be deserved

LUCK may win an occasional match. But it never made a champ. Cups can't be won year after year unless they are deserved. There are cup-winning cigarettes, too.

All eyes today are watching

Chesterfield—watching it win additional smokers at the rate of over 1000 a day.

Such popularity is not luck. Chesterfields deserve it. They deserve it simply by right of their decidedly better taste.

Why Jersey Ice Cream is CLEAN and PURE

Thousands of dollars are invested in ingenious machines so that, from the very beginning to the end of manufacture, and until it reaches you, the spotless cleanliness and purity of Jersey Ice Cream may be maintained. No human hand touches the ice cream from the time it is mixed until it is placed by automatic machines into brick packages and sealed, with three sanitary wrappers, against any change or contamination. Jersey Ice Cream is purer and richer than the law requires. Sold in bricks, in single and combination flavors; also in bulk.

IMPORTANT! You pay no more for Jersey Ice Cream, although the dealer pays more for it than ordinary cream, BECAUSE HE BELIEVES IN SELLING QUALITY ICE CREAM.

KITTERY NEWS

Kittery, June 10.—Mr. and Mrs. Harry L. Paul, Mrs. Earle Stevens and son Robert of Medford, Mass., and Mrs. Taylor of Boston, New England A. and P. store inspector, were luncheon guests of Mr. and Mrs. Bertram Tilton of Whipple St. on Monday.

Regular meeting Piscataqua Chapter O. E. S. on Wednesday evening. A class of candidates will be initiated and reports given by the delegates sent to the recent session of Grand Chapter at Portland.

Mrs. A. P. Littlefield of Melrose Highlands passed the week end with her son O. Curtis Littlefield and family of Pine street. Mrs. Littlefield is 84 years old and made the trip by auto.

Ladies Aid of the Second M. E. church will serve a baked bean supper, salads, rolls, strawberry short cake and whipped cream on Thursday evening at 6 o'clock at the church vestry.

Mrs. Fred Marshall and daughter Theodosia of York Harbor were guests of Mrs. J. Edwin Paul of Stinson street on Monday.

Percy Chapman of Boston has been the guest for several days of his brother, Charles Chapman and wife of Butler's Crossing.

Word has been received here of the death of Alfred Stimson of New York. N. H. He was a cousin of Mrs. Edward Fowler of Stimson St.

Mrs. William Brown of Taluk, Florida, is the guest of Mrs. F. J. Sullivan of Whipple St.

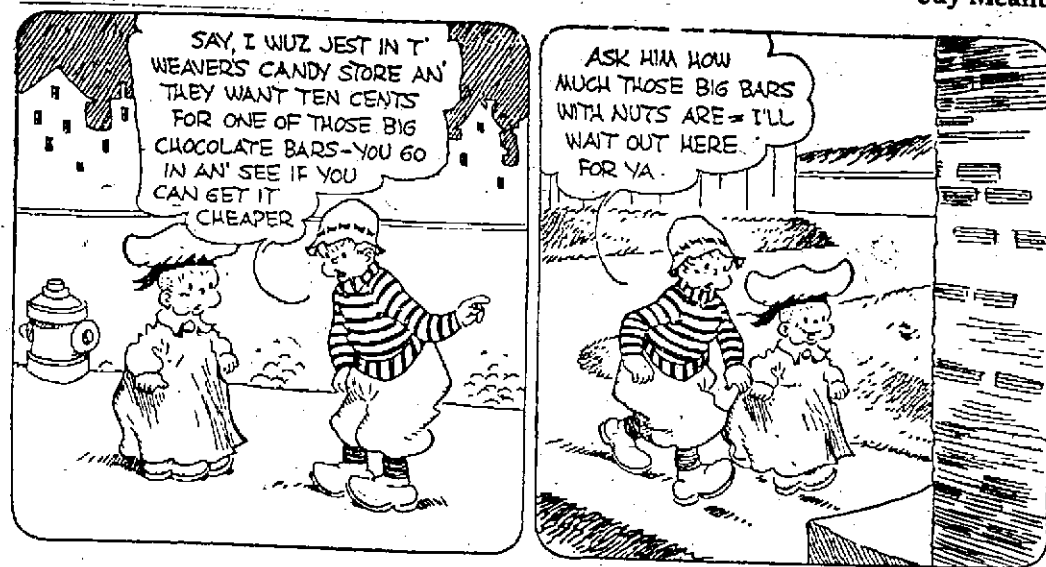

Misses Emily Grace of Kittery Point and Frances Tilton of Whipple St., motored to Lake Massabesic, Manchester, N. H., on Sunday.

Mr. and Mrs. Albert Caverno and family passed Sunday with friends at Dover, N. H.

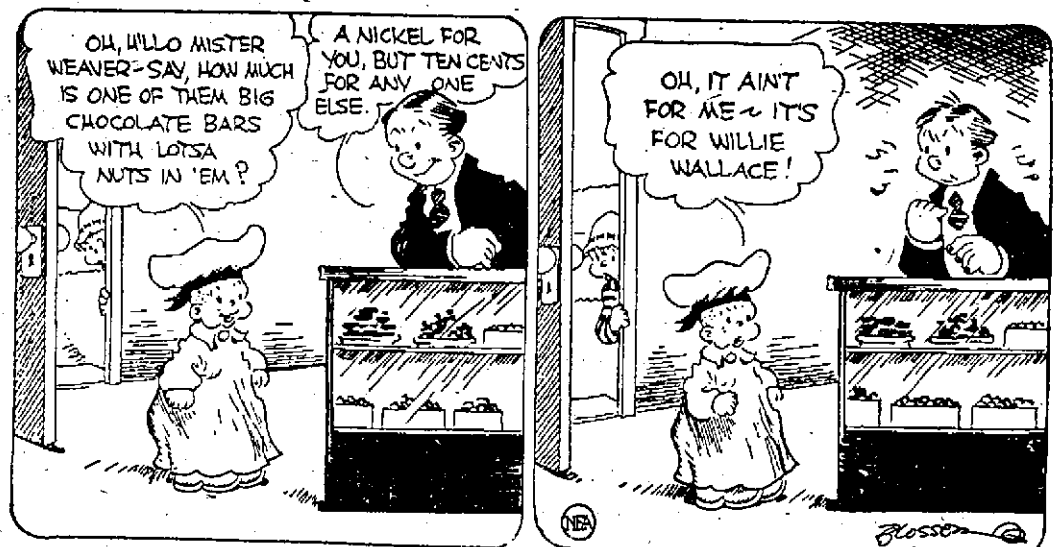

Bertel Blomberg and friend Richard Part of Beverly, Mass., passed the week end with Mr. and Mrs. Adolph Blomberg, Whipple St.

The students of Trapp Academy are making progress in selling tickets for their movie benefit tomorrow evening. A popularity contest is being staged among the students. Each ticket sold counts ten votes. The results as on the bulletin board this morning are as follows: Girls, Miss Anna Clark 70, Miss Vanita Holt 70; boys, Burgess Dorr 40, Roscoe Young 20, Paul Chaud 10. Due to the poor cooperation of the townspeople the last movie benefit was a failure. The students are trying to work hard in an empty field. Buy a ticket even if you are not planning to attend. Will you help to make this benefit in which John Gilbert stars in "The Exile" a success?

THINKS CHINESE WIVES ARE THE BEST

New York, June 9.—Take it from Capt. George Waard, who has sailed the seas around, Chinese women make the best wives in the world and are worth a million "emancipated females."

Capt. Waard should know, for he has been married to a Chinese girl for 19 years. Now he is here in New York, aboard the Chinese junk, Amoy, the only vessel of its type that ever sailed into New York in all the years the port has been welcoming the craft of the world.

Mrs. Waard is first mate of the Amoy. She's really more than that, as, in addition to her executive duties, she is boatswain, cook, steward and crew of the good ship Amoy.

Out in Sheepshead Bay, where the Amoy is lying after her trip around the world, Capt. Waard and his Chinese wife have welcomed many a visitor since they have been in port.

Mrs. Waard speaks English well, but she lets her husband do most of the talking. He is of Dutch-Canadian stock, and knows one part of the world as well as he does another. For more years than he cares to count he has traveled "all over" on sea and land, and knows the little-frequented places as well as he does the main roads, that carry the burden of the casual roamer.

Capt. Waard waxes eloquent when he discourses on the charms of his wife. To use his own language she is a "topside pal." He also wants the world to know he would not swap her for "any silk-stockinged dame."

Just to show how the Chinese wife outranks her American sister, Capt. Waard told this story:

"We were in mid-Pacific when there came one of those calms you've read about. We were flopping about helplessly under a foresail, when suddenly there came a willywaw that fled the sail, flung the boom over and knocked me over the rail. Mama caught me by the slack of the pants and hauled me back. What d'you suppose she said?"

"The gods be praised!" says mama. "My master is unhurt and the soul of his slave swells with rapture."

"Now mama ain't a slave and I don't know whether she was in raptures or not, but anyway, it was a civil thing to say, considerin' I'd been clumsy enough to get knocked flat by my own jibboom. It's the Chinese way. They're a courteous and kindly people

KITTERY POINT

Kittery Point, June 10.—The ladies of the Bible class of the First Christian church will hold a food sale at the store next to the postoffice on Wednesday afternoon.

The schools close in town this week for the summer vacation.

Christian Endeavor prayer service of the First Christian church will be held at the church this evening.

The Sewing Circle of the Pythian Sisters will give a whist party in Fris-

bee's store adjoining the postoffice Friday evening at 7:30.

The W. C. T. U. will meet with Mrs. W. H. Tobey on Thursday afternoon.

FIRE ON PINE STREET AND IN MASONIC BLOCK

A still alarm called the department to Pine street shortly after eight o'clock Monday evening where there was a fire in an unoccupied house owned by Samuel Tawbe. The house was being painted and the origin of the fire is unknown. The floor of one room was burned but the damage is slight.

Shortly after six o'clock the official was called to the Masonic Block on Congress street where a cigarette butt thrown back of a door had started a small blaze. The damage was slight.

WATERMAN—LUCY

The marriage of Mary Lucey of this city and George William Waterman occurred at Newport, R. I., on June 2, the ceremony being performed by Rev. John J. Brady, a chaplain at the navy yard. The couple are making their home in Newport temporarily.

Miss Irene Johnson is attending the Commencement exercises at Plymouth Normal School, Plymouth, this state, her sister, Miss Francena Johnson, being a member of the graduating class.

LONDON WORRIED OVER JAPAN'S ATTITUDE TO U. S.

London, June 9.—The anti-American demonstration at the Imperial Hotel in Tokio has focused attention afresh on the immigration trouble, and the comment of the newspapers is tinged with anxiety.

The Morning Post, expressing sympathy with both the Americans and Japanese, says the former have a legitimate ambition to protect their country against a "peaceful invasion" which might threaten its economic stability, while the latter have a legitimate grievance.

"It is one of the most difficult and dangerous problems besetting our age," the paper says. "It is a manifestation of a racial struggle which, unless carefully handled, may plunge the world into bloodshed."

The Daily Mail declares the situation concerns all countries which desire international amity throughout the world. However, while dwelling upon the seriousness of the position, the paper expresses satisfaction that the relations of the two countries have not yet been strained beyond the point where the trouble can be mended.

The Daily Express thinks it will be the greatest folly to minimize the possibility of a sudden and malignant expansion of such demonstrations as that in Tokio. It urges the United States to attempt to bridge the differ-

ences by frank discussion with Japan, and advises Japan to condemn the demonstration and take every step to prevent its recurrence.

NOTICE

The Board of Registrars will be in session at Council Chamber, City Hall, on Monday, June 9 and Tuesday June 10, 1924, from 9 to 12 a. m., 2 to 5 and 7 to 9 p. m. to allow voters to change their party affiliations on lists to be prepared for September primary election.

USCO Cords have these definite advantages—

1—They are made and trademarked by a company that has always built quality tires.

2—They are built of latex treated cords—a new process that adds great strength and wear—developed and patented by the United States Rubber Company.

3—They have an easy steering practical time-tested non-skid tread—that grips and gives traction on wet and slippery roads.

All the resources of the oldest and largest rubber organization in the world have been utilized to make the Usco Cord an outstanding value.

Is it any wonder that it is establishing a new idea of money's worth in medium priced tire equipment?

Ask the U. S. Sales and Service Dealer to show you the Usco Cord.

U. S. Tires are the only tires in the world made of cords solutioned in raw rubber latex.

Portsmouth, N. H., Tuesday, June 10, 1924.

Children in Summer

School will be out in a few days, not to resume for many weeks. What shall the children do with their time? Shall they idle it all away, or can they have just as much fun, more physical upbuilding and a little mental gain if the lazy days are strung on the thread of a constructive plan.

Summer, says the music teachers, is the best of all times for intensive music study. In six weeks of two lessons a week, two hours' practice a day, a child can accomplish almost as much as in a year of adding music to a crowded school regime. Warm weather limbers up the muscles, freedom from school releases the mental powers.

Summer is the best time to help with the housework. In an hour or two of working right along with Mother, the best of all practical lessons can be learned, whether in cooking, canning, sewing, self control or general care of the house. Even the six-year-old can do his stunt, and will learn gladly at this age what may come harder later.

Comradeship in work results also in comradeship in play. If Mother is helped, then Mother will have more time for picnics or swimming or backyard frolic suppers. At the very least and in the most competently served households, the child should learn in summer to care for his own room.

A little good reading—half an hour a day perhaps—will not come amiss.

What are three or four hours of happily useful activity out of a glorious fourteen? And whether this or some other plan makes up the time budget, it is safe to say that the child who lives his vacation in this way rather than by a frittering away of energy on useless laziness or frenzied entertainment, will have a better time all the time, and be far more fit in body, mind and soul for the next winter's work.

Two Sides to Enforcement

Horace D. Taft approaches the question of prohibition enforcement from the standpoint of one upholding a law. Until the law is repealed or modified, obey it, is his conclusion about the matter. Yet he employs a method long familiar to temperance workers of an earlier day.

Mr. Taft's method is to organize students in many schools in the East into a body whose members will refuse drinks when they are offered and use every effort to see that the prohibition laws are observed by young people.

This is a step in the right direction. In the days before the Eighteenth Amendment, education for temperance was making slow but steady progress. Then, when the amendment was adopted, there seemed to be a slump in the educational side and a reliance upon law enforcement alone.

In a democracy however, it is difficult to enforce laws with an indifferent public behind them. Education, therefore, is essential to the successful enforcement of any such law as the prohibition amendment—education not only in the responsibility and duty of citizens, but also in the healthful and moral aspects of temperance.

The Trade Centers

Interesting figures compiled by the Department of Commerce gave an insight into the extent of the foreign trade carried on by several of the larger states.

New York with a total value in exported products of \$183,846,000 stands first in the list. Texas ranks second with a total value of exports of \$147,000,000, while Pennsylvania in third place, had a total foreign export value of \$74,747,000. Illinois ranks fourth with \$57,685,000, while New Jersey is fifth. California with \$53,196,000 is sixth, Louisiana is seventh, Michigan eighth, Virginia ninth and Washington, tenth.

The figures give an estimates of the states from which the principal foreign exports come and indicate that no one section has a monopoly on foreign trade. Every section of the country seems to be sharing generally in this prosperity.

"Mostly Talk"

An instructive sequel to a series of "red scares" in this country is the testimony of Asst. Atty. Gen. Crim before a senatorial investigating committee. Crim had charge of the "red" investigations of the Department of Justice.

"I never was able to find the army of reds said to have been led by certain senators," says Crim. "There were detectives who would want you to believe there was a red army marching on Washington, but I found it mostly talk."

Undoubtedly there are extreme radicals in this country. But calm observation usually shows that no matter what they might desire to accomplish, they are able to accomplish very little in practice. Moreover every extreme radical can probably be balanced by an extreme conservative. One class may be no more dangerous to the country's destiny than the other. And neither is very dangerous because one class just about cancels the other, leaving the same moderates to run the country's politics and business.

Conventions are the greatest American indoor sport.

Political static, too, gets worse as summer comes on.

MUST INSIST ON ECONOMICAL ADMINISTRATION

(By Associated Press)
Los Angeles, June 10.—Passage of the soldiers bonus over President Coolidge's veto has placed on the shoulders of the American Legion the duty of insisting on an "honest, efficient and economical administration" of the adjusted compensation law, National Commander John L. Quinn told Legionnaires in an address here last night. Need for immediate action on behalf of disabled veterans and the purpose of the Legion child welfare activities also were emphasized.

MANY WOMEN AT G. O. P CONVENTION

(By Associated Press)
Cleveland, June 10.—More women delegates and alternates are attending the National Republican convention than ever attended a political gathering in the past, David W. Mulvane, Kansas, announced here after a survey of election results in several states.

"Thirty-nine states sent 63 women delegates-at-large," he announced. "This number is in addition to the regular elected delegates and alternates numbering more than 400 from state congressional districts. The number is also exclusive of West Virginia. California sends four women delegates-at-large, Tennessee, New Mexico and Montana send three each, and Connecticut, Iowa, Kansas, Massachusetts, Missouri, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oklahoma, Rhode Island, Washington, Wyoming, Indiana, Utah, Vermont and Maryland send two each, while Arizona, Colorado, Delaware, Idaho, Illinois, Kentucky, Maine, Michigan, Minnesota, Mississippi, Pennsylvania, Virginia, Wisconsin and Oregon send one each.

In view of the large number of women attending the convention the special women's committee has arranged entertainment, not only for the women delegates and alternates, but for wives of delegates, newspaper publishers and correspondents and women journalists who cover the convention.

Mrs. Nettie M. Clapp, Cleveland, is chairman of the women's committee. Associate women members of the Republican National committee here include Mrs. Leonard G. Woods, Pittsburgh, second vice chairman of the National committee, and Mrs. Harriet Taylor Upton, Warren, O., vice chairman of the Republican National committee.

TAXES HAVE JUMPED 127 PERCENT. IN FIVE YEARS TIME

Washington, June 10.—The total taxes paid by the American people for federal, state and local purposes in the year 1922 was over seven and three-fourths billions of dollars, an increase of 127 per cent in five years. Of this total nearly one-half is federal taxes. These are some of the figures made public today in the report of the Federal Trade Commission to the senate on taxation and tax-exempt securities made pursuant to a senate resolution introduced by Senator Norris of Nebraska.

The resolution directed the commission to ascertain the amount and the ownership of the chief kinds of wealth and income of the people of the United States, to report upon the public and private indebtedness, the income upon tax exempt securities, and the aggregate taxes levied by state and municipal authorities.

Although according to the data assembled, the tax per capita, was the highest in the North Atlantic, Rocky Mountain and Pacific Coast states, the tax burden was more heavily felt by agricultural communities, especially in the wheat raising states which have suffered of an unprecedented price decline for their products not-

withstanding the fact that general price level for the articles which they had to purchase remained high.

ST. PATRICK'S TEAM WINS

The St. Patrick's school baseball team defeated the famous Gas House Pirates on Monday afternoon at the Playgrounds by the score of 8 to 5. The game was full of excitement until the St. Patricks got to Furber's pitching and hammered out four runs in the third inning and put the game on ice. A home run by A. O'Brien with one on base was the feature of the game.

The batteries were St. Patricks, Parks and Vinciguerra, pitch and Quinn and O'Brien catch; for the Gas House Pirates, Furber pitch and Haywood catch. Roy Ward of the Whipple school umpired in a creditable manner.

The two teams will play at the Playgrounds again on Thursday at 4 o'clock.

DERANGED BY FRANKS CASE

Atlantic City, N. J., June 10.—John P. Johnson, taxicab driver, is a prisoner in the city jail charged by police with attempting to kidnap Dorothy Whitney, young daughter of Mr. and Mrs. William Whitney, "while temporarily deranged by reading the lurid accounts of the famous Franks murder case in Chicago. Johnson was arrested after he had attempted to lure the child into his automobile, according to the police. It is further charged he made improper advances when she refused to enter the automobile.

MENTION WILBUR AS CANDIDATE

Washington, June 10.—Secretary of the Navy Wilbur left last night for the Republican convention. His name has been mentioned in connection with the vice presidential nomination and some significance is seen in the fact that he did not finally decide to go to Cleveland until ex-Governor Lowden had definitely eliminated himself from the race.

NEWS OF THE NAVY AND NAVY YARDS

Masons Visit Yard
Twenty or more members of the Alexander, Va., lodge of Masons accompanied by members of the Beverly lodge who came to this city for luncheon at the Rockingham made a tour of the yard this afternoon.

Loan Anchor Huoy
The yard anchor huoy was loaned to the Piscataqua River Towing Company today to be used in some repair work on the company's wharf off Market street.

20 Days Furlough
Pharmacist Mate Victor C. Sinkle at the yard dispensary is on 20 days leave of absence at Rochester, N. Y.

Call Operator
One press operator for the laundry in the marine barracks was called today.

30 Days' Leave
Lieut. D. L. Trautman, attached to the V-1 has been granted a leave of absence for 30 days.

Means More Men
With the beginning of work on the 3 patrol boats, each costing \$24,000 or more money, it is likely that there will be a call for quite a few more mechanics and helpers. The work should be started within the next two weeks.

Off For Few Days
Captain William Locke of the yard ferry 1043 is on a few days' leave of absence. Chief Boatswain's Mate Workman is at the wheel.

Put in For Supplies
A coast guard boat from the Portsmouth Harbor station put into the yard for gasoline and other supplies today.

TO TAKE PART IN MASONIC PARADE IN NEW YORK CITY

It's a sure guess that the big masonic parade which will take place in New York on Saturday will not have many older veteran Masons taking part than the honored citizen of Portsmouth, Joseph S. Donahue. Mr. Donahue leaves tomorrow for New York on an indefinite visit with relatives on Long Island and at other places of the empire state and is looking ahead with much interest to the masonic affair which promises to be one of the largest gatherings of that fraternity in the country for many years.

FIND BODY OF VALUABLE HORSE

A fine chestnut-colored horse was found dead by H. A. Wortman on the Elwyn farm on Elwyn road on Sunday. The animal had wandered down to the water's edge and got caught in the mire of the creek. Mr. Wortman also discovered two other horses pastured there caught in the mud and telephoned to the owner, who went to the farm and together they managed to get the horses out. It was then that they discovered the third horse dead beside the creek. The animal was not owned by the owner of the other horses and had apparently been dead about two weeks. The horse did not come in with the tide, as tracks showed plainly where the animal went to the creek. The horse was of chestnut color, weighed about 1100 to 1200 lbs. and was about ten or twelve years old. He was finely shod and is thought to have come from some estate in the vicinity. It is thought the horse was stolen and placed in the pasture temporarily with the intention of later taking it away.

SAYS THAT JAPAN WILL CALM DOWN

Montreal, June 10.—The belligerent spirit aroused in Japan by the exclusion clause in the United States immigration act, will soon die down said Admiral J. Takahashi of the Japanese navy, who arrived here on the liner Megantic.

"Japan does not challenge the rights of other nations in making their own immigration policy, but she reminds them that other people have rights and pride," he said. "Japan's pride and prestige has been wounded by the United States, and in the Far East, prestige is a vital factor."

C. Harashi, a judge of the supreme court of Japan, who accompanied Admiral Takahashi on a two months' tour of Europe, said an oversensitive congress had undone the work of generations.

EMPLOYES DROP 7 PER CENT

Albany, N. Y., June 10.—A decline in factory employment in New York state in May with a similar movement in April has reduced employment over 7 per cent, Industrial Commissioner Shientag announced yesterday. Manufacturers who employed more than 500,000 persons in April dismissed about 20,000 by the middle of May. Commissioner Shientag estimated that more than 100,000 workers were dropped throughout the state during April and May.

LARGE CROWDS ATTEND MISSION IN KITTERY

The St. Raphael's church at Kittery where a mission is under way conducted by a priest from the Redemption Order has been crowded since the opening service on Sunday, especially at night. On Monday evening many from Portsmouth were among the congregation which listened to a very able sermon by the visiting clergyman on the "Word Religion."

The services are conducted daily at 5.30 and 7.30 A. M. and 7.30 P. M.

GAVE FAREWELL ADDRESS

At the class night exercises at Lassell Seminary last night, Miss Frances Badger of this city, the class president, gave the farewell address.

AWARD CONTRACT FOR PORTICO AT THE CITY HALL

The committee on Public Buildings and Places has awarded the contract for constructing a portico in front of the City Hall to Edward L. Patterson, he being the lowest bidder. There were three bids submitted. The Patterson bid was \$557. On the first call for bids by the committee the highest was \$843 and even the lowest was not satisfactory. The specifications have not been changed from the original. The work will be started after the completion of the sand-blasting now going on and will probably be completed about the first of July.

COOLIDGE STAYS AT HIS DESK

(By Associated Press)
Washington, June 10.—Notwithstanding that a radio receiving set has been installed in the White House President Coolidge was at his desk when the Cleveland convention opened today with the waves of oratory going to waste so far as the chief subject of the keynote speaker was concerned. The President met the members of his cabinet at the usual semi-weekly meeting. It was said he had made no definite plans to "listen in" but probably would take advantage of the radio during the luncheon period.

HAVANA RAIL CHIEF SHOT

Havana, June 10.—Gen. Archibald Jack, general manager of the United Railways of Japan, the employees of which are on strike, was shot and wounded late yesterday as he left his office in the central station. At his office it was said that he suffered only a flesh wound in the cheek. He was taken to an emergency hospital. A 19-year-old boy was arrested charged with the shooting. General Jack is a native of England and a veteran of the British army.

NINE DEAD IN RAINSTORM

Bluefield, West Virginia, June 10.—Nine persons are reported killed and a score of houses washed away in Mercer and McDowell counties by a flood following a heavy rainstorm. Sections of the Norfolk and Western Railroad branch and side tracks to a number of mining operations were washed out.

NEW TAX RATE WILL BE LOWER

The new tax rate will probably be announced tomorrow. The exact figures are not available as yet but it is understood that there will be a slight reduction.

TO DISPLAY CUPS

The ten cups and 24 medals to be awarded at the coming track and field meet of the Wadacanaquin Club at the playgrounds on June 21 will soon arrive and will be displayed in stores in the business section. Entry blanks

HOLDS HIGH OFFICE
MRS. MABEL W. WILLEBRANDT, Assistant Attorney General
This woman is successfully occupying one of the most exacting jobs in Washington. She has given particular attention to questions arising in connection with the prohibition amendment and the Volstead act, and has recently joined with Secretary Mellon in declaring that the U. S. Coast-Guard is the most effective governmental weapon against rum-running.

MURDER SUSPECT COMMITTS SUICIDE

Man Sought in Manchester Slaying
Throws Himself Under Train

Lowell, June 10.—Stanley Klepac, of Manchester, N. H., for whom the police of three cities have been searching for the murder of Mrs. Katherine Kruczek of Manchester committed suicide last night by plunging his neck in the track in front of wheels of a car of a moving freight train.

Early yesterday the Polish section of this city had been searched in vain for Klepac, as he was a former resident of this city where he deserted his wife. Later in the day he was seen about the house of his deserted wife, at he did not succeed in getting in, the police were notified but he vanished before they arrived.

Two boys saw Klepac around the railroad tracks of the Boston and Maine at Wigginsville station for more than two hours. At six o'clock a freight train came along. The engineer, Ernest Coons of Greenfield, noticed a man sitting on the bank near the tracks and blew his whistle as a warning. The engineer thought there was something strange about the manner which the man continued in his sitting position on the bank so near the tracks and as it was a clear stretch ahead the engineer glanced back.

Just as the second car had passed the man, the latter plunged himself onto the tracks and the wheels of the front trucks of the third freight car completely severed the head from his body. The train stopped and the police and Medical Examiner Alling were notified. The police sent for Mrs. Victoria Klepac and she identified the dead man as her husband.

A piece of a newspaper, containing an advertisement with a lot of white space on which Klepac had written instructions as to disposition of what money he might have, and a bankbook out in his name, however, were found in his pocket. The written matter on the piece of newspaper made no reference to Mrs. Kruczek, but did say something about his having led a wrong life during the past few months.

The body of Mrs. Kruczek was found in her home, in Manchester last night, its oilsoaked clothing still smouldering. The police said the woman had been beaten and that the assailant had attempted to burn the body.

CLOSE THREE FIRE STATIONS AT MANCHESTER

Manchester, June 10.—A special

meeting of the board of mayor and aldermen on Friday night may result in a petition to remove the three fire commissioners from their office.

Action in this direction yesterday was the first to follow the closing of three large fire stations by the commissioners. Sunday night there was a protest meeting of residents in the Somerville street district, where one engine house is closed.

A resolution, was drawn up and presented to the aldermen yesterday. Sufficient names were attached to the communication addressed to the aldermanic board today to obtain the special meeting. The communication calls the closing of the fire stations unwarranted.

The three stations were closed yesterday morning and 23 men laid off. The last 23 men hired were released. Lack of funds led to the closing of the stations.

RELIEVES GAS ON STOMACH OR NO COST!

This is the season when your liver becomes sluggish and your bowels clogged. You feel tired and run down—frequently

bothered with such symptoms as coated tongue, bad taste, indigestion, constipation, pains in back and sides, pimples, sick headaches, biliousness.

Make this test: Cleanse and tone your liver with Dr. Thacher's Liver & Blood

Syrup. Contains pure vegetable ingredients, prescribed by Physicians. Helps Nature tone and strengthen your stomach, improve digestion, soothe tired and over-taxed nerves, brace up whole system and purify your blood. Notice quick difference in way you look, eat, sleep and feel. You, too, will be satisfied, as others are, or no cost. Dr. Thacher's is sold and recommended by G. E. Philbrick, Portsmouth, N. H., J. H. Low, Derry, N. H.

NOISY RECORD FOR NEW HAMPSHIRE

Washington, June 10.—New Hampshire had a pretty noisy record for the first three months of this year, according to a report of the bureau of mines.

During the three months New Hampshire used 215 kegs of black blasting powder, 32,075 pounds of high explosives other than permissible, and 400 pounds of permissible explosives, of which 52 kegs and 11,925 pounds of explosives other than permissible were set off during March.

New Hampshire, however, was comparatively quiet as contrasted with

the other New England states.

Massachusetts has a noisy record of 799 kegs of black blasting powder, and 189,925 pounds of high explosives other than permissible, while Maine held a clamorous third place by setting off 739 kegs, and 152,925 pounds, respectively, during the three month period.

Vermont was far from quiet, having exploded 2,737 kegs of black blasting powder, 104,875 pounds of high explosives other than permissible, and 200 pounds of permissible explosives.

Connecticut likewise contributed to the uproar by setting off 99 kegs of black blasting powder and 238,550 pounds of high explosives other than permissible; while Rhode Island added 83 kegs, and 104,600 pounds, respectively, to New England's noisy outburst.

PERSONALS

E. S. Montmarquet of Manchester is in town on business for a few days.

Mrs. Theodore Greene of New York is visiting her parents, Rev. and Mrs. L. H. Thayer.

Miss Eleanor Pickering is acting as assistant to Mrs. Charles P. Berry at the Paul Jones house.

Dr. E. C. Blaisdell and Mrs. Blaisdell are attending the Rotary convention in Toronto, Canada.

Percy Sides reports the Shriners convention at Kansas City as one of the grandest sights he ever witnessed.

Mrs. Rose Murray of Elwyn road returned on Tuesday after several weeks visit with her sister in Boston.

Mrs. Charles Flanagan of Vaughan street has returned from New York City where she has been the guest of relatives.

Mrs. Margaret M. Lothrop formerly of this city and a graduate of Portsmouth Hospital training school, is now holding the position of public health nurse for the city of Portland.

Mr. and Mrs. George R. Woods and son Norman of Haverhill, Mass., visited their son Fred Woods of Christian Shore on Sunday. Norman is recovering from a fractured skull received while at play and was successfully operated on.

MEETING AT NEW CASTLE

A meeting of the residents of New Castle has been called for this evening for the purpose of awakening interest in the coming celebration of the anniversary of the capture of Fort William and Mary. This is the first of a series of public meetings to be held in connection with the plans, and it is hoped that every resident of the town be at the Town Hall at 7:30 Tuesday evening.

The New Castle committee has been busy and tentative plans outlined, but it now requires the united effort of all the people to put the celebration across properly. Plans for the pageant will be taken up this evening, and a special committee probably appointed for this event. Citizens of New Castle are especially interested in this feature, and are assured of the aid and support of prominent citizens of other communities. There is a great deal of local talent in this line, and the committee can have the aid and advice of people from Kittery, Durham, Exeter and Portsmouth who have been participants in affairs of this kind.

Many other details of the coming celebration will also be taken up. Now that use of the government property at Fort Stark is assured, the committee feels it time to proceed with elaborate plans. It is expected that the Piscataqua Valley Pioneers will hold its meeting at New Castle on one day during the celebration, and other historic organizations will also be asked to make this event one of special significance, and, if possible, hold meetings there during the time.

All these matters will be talked over at the meeting this evening, and every citizen of New Castle should be present. The women of the town are already taking an active interest and are desirous of knowing what they can do to help out.

ASSOCIATION MEETS JUNE 11

The Rockingham Association of Congregational Churches will hold its 87th annual meeting with the church in Exeter on Wednesday, June 11. The moderator, D. F. Borthwick of Portsmouth, will preside. Following is the order of exercises:

10.00 Devotional service, led by Rev. Charles B. Williams, Manchester.

10.15 Words of welcome by the pastor of the entertaining church, Rev. James W. Bixler, D. D. Response by the moderator. Organization, registration, minutes, appointment of committees, etc.

10.30 Items of association business, Rev. John Pierpont.

10.40 The School of Religious Education at Durham, Mrs. Nellie T. Hendricks.

10.50 Address by Mrs. W. B. Mitchell, president of the New Hampshire branch of the Woman's Board of Missions.

11.10 Two-minute reports from each church of the association given by the delegates.

11.50 Address, "What is the Matter With Congregationalists in New Hampshire?" Rev. Orville J. Guphill, Concord, conference field worker.

12.20 Recess, Dinner.

1.30 Devotional service, led by Rev. Edgar Warren, Hampton.

Music, solo by Miss Mary A. Chase. Accompanist, Mrs. F. L. Jenkins.

1.45 Business, reports of committees, auditor, election of officers, etc.

2.00 Address: "Some Problems of Religious Journalism," Rev. William E. Gilroy, D. D., Boston, editor-in-chief of The Congregationalist.

2.30 Address, "The Worth of Human Life—The Final Test of Civilization," Rev. Donald Fraser, Rochester.

3.00 Sermon, Rev. Clinton W. Carvell, pastor of the Trinitarian Congregational Church, North Andover, Mass.

3.30 Communion.

4.00 Adjournment.

PROBATE COURT

The following business was transacted at last Tuesday's probate court in Exeter:

Wills Proved.—Of George A. Cammett, Chester, Annie E. Cammett, executrix; Mabel L. Payne, Derry, Wesley W. Payne, executor; James E. Taber, Derry, Laura Z. Taber, executrix; Samuel W. Annis, Londonderry, Fred E. Annis, Roy R. Annis, executors; Noble Fisk, Salem, Lucy P. Fisk, executrix.

Administration Granted.—In estates of Amos C. Gould, Newton, Charles L. Gould, Amesbury, Mass., administrator, with Frank A. Batchelder, Exeter, agent; Arthur Franklin Hamblett, Auburn, Frank A. Hamblett, administrator; Angeline R. Haselton, Hampstead, Charles W. Garland, administrator; Blanche M. Burbank, Derry, Ralph W. Burbank, administrator; William L. Caswell, Newmarket, Arthur L. Churchill, administrator.

SOUTH BERWICK

South Berwick, June 10.—Mr. and Mrs. Philip Murphy and daughter of Haverhill are visiting Mr. and Mrs. Joseph Tondreault.

Mr. and Mrs. Ronald Pineau have the sympathy of the community in the death of their infant son born at the Portsmouth hospital, recently.

Road Commissioner Hillman and crew have been busy the past two weeks patching the sidewalks and the roads with tar. Also the bad holes and gulleys which ran along the side of the P. D. and Y tracks in the square have been filled in which is a

very good piece of work as these holes were quite a nuisance to motorists.

John Green and Armond Ouellette arrived from Michigan recently for a visit here. They expect to go back in the near future.

Ben A. Mathes, treasurer of the Roberts and Marshall Shoe Co., is spending this week in Bangor, Boston and New York on business.

June 14, Saturday, will be tag day for the Girl Reserves. Everybody buy a tag and help along the good cause.

The Ladies' Aid of the Baptist church held a business meeting Wednesday afternoon when the election of officers took place and other business of importance discussed.

The dressmaking rooms of Mrs. Annie Swasey on Main street will be closed for the summer months. Mrs. Swasey will go to Ogunquit for the summer.

The grammar school enjoyed a day's outing and picnic at Quamphagan Park Wednesday. The trip was made in the truck of Peter Gagnon and a good time was had by all.

Wilbur Goodwin and Charles Clough are at present painting the residence of Mrs. Joseph Roberts on Main street.

The remainder of the flag pole at the soldiers' monument which was left standing when the wind broke the top off last winter, has been taken down.

Miss Christina Jones of Boston, Mass., who has been spending the past ten days with her sister Mrs. G. P. Stone has returned to Boston.

Miss Elizabeth Gorman and Mrs. Nelson Belcher will be employed at the Quisset Harbor House, Quisset, Mass., this summer.

Miss Beatrice Spillane who graduated from Sargent School, Boston, last Wednesday, has returned to her home here for the summer.

Mrs. Fred Emmons and two grandchildren Ruth and Richard, who have been visiting Mr. and Mrs. Milton Davis have gone to Milton, R. I., where she will visit her son.

Miss Anna Richardson who was successfully operated on at the Rochester City Hospital, Rochester, for appendicitis, is getting along nicely.

Miss Mary Libby has been confined to her home with a severe cold.

BRIEF SUMMARY OF WORLD NEWS

Washington.—Americans are consuming more milk than ever before, a federal survey showing household consumption to be 212 quarts per person last year, compared with 200 quarts in 1922.

Dayton, O.—Army airmen stationed at McCook Field here will conduct an air circus late this month, during which efforts will be made to shatter every airplane record now held by army fliers.

Paris.—Sadi Lecoq is trying out an airplane which he asserted to be the fastest ever made, having a speed of 280 miles an hour, and with which he hopes to wrest the world's speed record, nearly 267 miles per hour, from the present holder, Lieut. A. J. Williams.

Richmond, Va.—Frank O. Lowden, former Governor of Illinois, has been re-elected president of the Holstein-Friesian Association of America.

New York.—The Sulgrave Institution has received pieces of the famous Washington Elm recently cut down in Cambridge, Mass.

Washington.—William M. Butler, campaign manager for President Coolidge declares that national convention votes instructed or favorable to the nomination for the president have

reached a total of 1066, with 555 necessary for a choice.

Dixon, Calif.—With electrically operated clippers, 12,000 head of sheep were shorn in less than nine days on a ranch near here recently. The crew sheared at the rate from 1400 to 1500 daily.

London.—A new air service is to be opened between London and Stockholm during the coming summer. It is proposed to operate three liners capable of carrying 25 passengers each. The ships will leave both capitals daily.

Washington.—A world's fair in the United States in 1930, with a congressional commission to determine its site, would be provided for under a bill prepared by Solomon Bloom (D), Representative from New York.

Belfast.—The British and Free State budgets have created a peculiar situation on the Ulster border. Pettigo village, in Donegal, is partly in the Free State, and partly in northern territory. Stalls, tea, cocoa, and mineral waters may be bought cheaper on the British side than on the other, and residents in England have a smaller income tax to pay.

Washington.—Mobilization of the Nation's natural resources, in a program for outdoor recreation will be fostered by the National Conference on Outdoor Recreation under plans announced by its newly organized advisory.

Berlin.—Two Japanese professors, Dr. Takayanagi and Dr. Unco, have arrived in Germany to purchase books for the Imperial Library in Tokyo which was destroyed by the great quake and fire.

CHAMBER OF COMMERCE NOTES

Considerable business was transacted at the regular weekly meeting of the chamber directors yesterday, all tending to clear the decks for action for the work of the summer and preliminary plans for further industrial investigations.

George A. Wood presented his report on the State Chamber of Commerce, telling of his committee's visit to Concord. The local organization voted to join the state group.

The Portsmouth publicity stunt is to be used as a base for a state-wide campaign next year, and the legislature will be asked to make an appropriation to advertise this state.

Good roads also are on the program and, although the local chamber has been in contact with state officials, it is felt that a Rockingham County Automobile association may be started, to dovetail in with similar county organizations started by other chambers throughout the state, the whole to work through the state chamber.

The New Hampshire Good Roads association has been in existence for some time and the local men will confer with that group before tackling this proposition.

Figures for the local Housing committee are starting to come in and comparisons so far caused a few gasps yesterday, for there is a wide difference in labor and material even right in this state. Laconia, for example, built twelve houses last year to one in Portsmouth.

Reports were read from Martha Kimball of the Billboard committee and Frank Belden of the Industrial committee, while the training of official chamber guides was announced.

The Winter Sports association reported a wall built at the Pines, also a little trouble with youngsters breaking in, which is now being watched by attendants.

New members elected to the chamber yesterday were V. D. Harrington of the Ocean Wave House, Rye Beach, Armas Guyon of the Seaview Hotel and the Carnival hall of Hampton Beach, and Ernest L. Fogg, painter, of Vaughan street.

KEYES TO HELP STATE GET TAX MONEY BACK

Washington, D. C.—Old alleged illegal taxes levied by the government on New Hampshire persons and others in

"Listen in" to your motor

by The Veteran Motorist

© 1924 S.O. Co. N.Y.

I THINK a good motor fan is a good deal like a good radio fan—both like to feel that they are getting the best out of their equipment, and both insist upon buying the best.

After all, this "listening in" business is not confined to music in the air. Every careful motorist listens in to his motor, and as he tunes it up to get the proper mixture, and to see that the lubrication system is on the job, he is quick to detect the presence of a poor oil in the crank case or faulty chassis lubrication.

Socony Motor Oil will tune up any motor to the highest degree of efficiency. It fights friction. It cushions each moving part with an indestructible film of oil. It helps seal the piston rings so that no gasoline seepage can occur. It withstands the tremendous heat of high speeds or the long hard pulls. It is fit for any task of pleasure driving or heavy duty hauling. Made right, sold right, it is right.

Tune up your motor with Socony Motor Oil, and listen to the sweet music of its satisfaction. Don't accept a substitute.

For transmissions and differentials, use Socony Gear Compound or Socony Gear Oil. See the Socony Chart.

STANDARD OIL CO. OF NEW YORK
26 Broadway

SOCONY Motor Oil

1866-68 may have a chance of being collected from the government under a joint resolution put in the Senate by Senator Keyes. It is estimated that New Hampshire could collect about \$6,000,000.

The New Hampshire legislature has already led the country in authorizing its governor to start suit for recovery. Under the Keyes resolution other states which, in the next four years, take similar action, will also be permitted to use for recovery.

The resolution merely gives the consent of Congress for the institution of suits in the Supreme Court to collect these ancient taxes.

The tax was one levied on all kinds of manufactured goods and raw material. It was later claimed that this tax was illegal in that it was a direct tax and so should have been apportioned among the states according to population, which it was not.

WILL HOLD BIG OTING

Louis Shapiro is to have a combined picnic of his employees here and in Epping, at an early date in July, and about 600 people will be entertained by him at Rand's Grove, Rye.

The Epping people will come in a special train, and join with the local people in Market Square. Bill Dowdell will have all his spare chariots ready to whirl the Shapiro workers right over the new cement pavement down to the grove.

Tugs of war will be held between the two groups, as well as with other concerns about to be asked to enter, and the day of sports will end in a big "feed."

Another event scheduled is a flag-raising down at the factory on McDonough street when the sidewalk and grading is finished. The work so far is indeed a big credit to the city, and McDonough street now looks, in the words of Mr. Shapiro "like a million dollars."

New York.—Moderate prices for food and an ironclad agreement not to serve liquors are the outstanding feature of the restaurant concession at the national Democratic convention granted to David Lantier, members of the New York convention committee announce.

OBSEQUIES

Augustus Spinney
The funeral services of Augustus Spinney were held from the home of his step-daughter Mrs. Karl Svensson, No. 69 Hunking street at 2.30 o'clock Saturday afternoon. Rev. A. M. Hainer of the Court Street Christian church officiating. The members of Storer Post, No. 1, G. A. R., attended and held their services.

Messrs. William Spinney, Karl Svensson, Edward Brown and Charles Marden were the bearers. The interment was in the family lot in Harmony Grove cemetery under the direction of J. Verne Wood.

The floral tributes were as follows: Pillow "At Rest"—The family. Crescent "Grandpa"—Ethel and Kenneth.

Wreath—Storer Post No. 1, G. A. R. Spray of pinks—C. W. Marden and family.

Spray of tulips—Mr. and Mrs. J. R. Snodgrass, Mr. Edwin Proctor.

Spray of calla lilies—Mr. and Mrs. Percy Haley, Mr. Edwin Randall.

Spray of pinks—Mr. and Mrs. Samuel Caswell.

Spray of pinks—Mr. and Mrs. Edward Ward, Mrs. Emma S. Cox.

Spray of pinks—Mr. and Mrs. Ernest Ward.

Spray of pinks—Mr. and Mrs. Fred Gray.

Spray of pinks—Mr. and Mrs. William Brewster.

CARD OF THANKS

We wish to thank those who helped us in our recent bereavement by sending such beautiful floral tributes.

THE FAMILY.

MANY FISH IN THE BROOKS OF STATE

Washington.—A recent report from the bureau of fisheries shows that several hundred thousand fish and fish eggs were placed in New Hampshire brooks and lakes last year. The list includes 659,764 brook trout fingerlings which were placed in 230 brooks located in 33 townships.

There were also 120,000 Chinook salmon eggs and 20,349 land locked salmon eggs placed throughout the various lakes of the state. Fingerlings of rainbow trout placed in three lakes

amounted to 37,200 and 50,000 lake trout fingerlings and 52,500 lake trout eggs were placed throughout the lakes of New Hampshire. Some 4000 small mouth black bass were divided between Island Pond near North Lawrence, Mass., and Emerson pond near West Ridge, and 75,000 pike perch were freed in Baboosk lake near Amherst.

ZA-REX

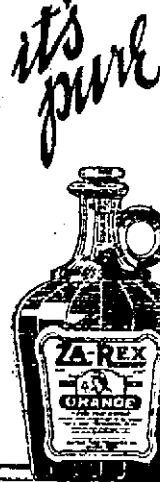

The fresh fruit drink

A variety of juices to satisfy every taste. Select your favorite—Orange, Lemon, Lemon and Lime, Raspberry, Strawberry, Grape, and Punch (a combination of six fruits).

No fuss, muss or bother. Easy to make, just add ice water—no sugar required. Just the thing for unexpected guests, picnics or parties. The pint jug makes a gallon of thirst quenchers.

Insist on seeing the name ZA-REX on the label and avoid synthetic substitutes.

REDUCES EXPRESS RATES IN WEST, BOOSTS IN EAST

Washington, June 10.—Express rates throughout the country were ordered readjusted yesterday by the Interstate Commerce Commission, which authorized general increases in the eastern zone, approximating 8 per cent and slight reductions in the west and the south.

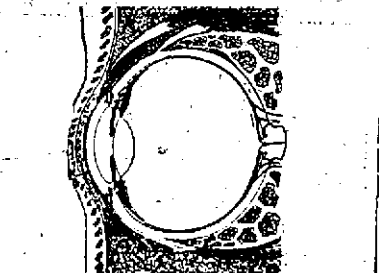

The decision was the result of a general investigation by the Commission in which representatives of state railroad commissions participated. Wide differences in rates among the southern, middle western, Rock Mountain and Pacific Coast zones were ordered brought more nearly to a common level.

Fixing the basic rates in 1912, the Commission proceeded on the theory that the cost of transporting express in western and southern territory was more expensive than in the east. The investigation resulted in a change in that theory, it having been shown that the cost in the east is higher than in the west because of extensive free delivery systems and extra terminal service at eastern points not given so generally in the west.

The present rates have the 1922 rates as their basis and include several horizontal increases which have been granted since 1918.

The basic rate for the first fifty miles haulage in eastern trunk line territory is about 15 per cent. Increases have brought it to 24 cents. Under the readjustment the rates will be about twenty-six cents. The southern basic rate of twenty cents, which was horizontally increased to thirty cents, will be decreased to about 23 1/2 cents.

In the Pacific States the basic rate of twenty-four cents, which was horizontally increased to thirty-five cents, will be readjusted to about thirty-one cents.

OPTOMETRY A BLESSING TO SIGHT

The mountain territory basic rate of twenty-eight cents, increased to thirty-eight cents since 1918 will be brought down to about thirty-one cents.

The west coast rate of twenty-four cents, horizontally increased since 1918 to thirty-five cents, will be reduced to about thirty-one cents.

PORTSMOUTH STUDENTS ACTIVE AT U. OF N. H.

Durham, June 10.—Frederick Gray, '25 of Portsmouth, has been elected president of the student council for next year at the University of New Hampshire; and T. W. C. Atkinson, '25 of Tilton, has been elected president of the athletic association. Marshall Campbell, '25 of Beverly Farms, Mass., is elected vice president of the association; Dorothy Conant, '25 of Canterbury, secretary.

Professors G. A. Perley and H. F. DePew were elected faculty members of the executive committee, and Philip Davis, '25 of North Conway, was elected student member of the same committee. Professor C. F. Jackson was elected faculty member for the women's athletic association. S. S. Ayers, '25 of Newport was made senior cheer leader. Gunnar Michelson, Porter McIntyre and Oscar Foote were elected as junior cheer leaders; with John Neville, Al. Boyd, Harry Page and R. Kimball as sophomore cheer leaders.

Wallace S. Ware, '26 of Hampton, has been elected leader of the men's glee club. R. W. Hartwell, '26 of Laconia, is made manager, and John W. Day, '27, of Beverly Farms, Mass., treasurer. The other officers elected are: Lewis P. Foote, '27, Holyoke, Mass., secretary; and George A. Hammett, '27, Gosville, librarian.

The following staff has been elected to publish the New Hampshire, the weekly newspaper, for the year 1924-25:

Editor-in-chief, Harold W. Whitcomb, '26, Berlin; managing editor, Reginald W. Hartwell, '28, Laconia; athletic editor, John Neville, '27, Portsmouth; alumni editor, Elizabeth O'Kune, '26, Durham; society editor, Ethel Cowles, '25, Claremont; news editor, Paul Farrar, '26, Henniker; copy editor, William Griffith Cusser, '27, Dover; business manager, Charles Abbot, '26, Wilton; advertising manager, Frank Pice, '25, Amesbury; circulation manager, Roger E. Sprague, '25, Plaistow; assistant circulation manager, Charles L. Dickson, '26, Milton. The following reporters have been added to the staff: Edward Sweeney, '26, Exeter; Elbert R. Farrar, '27, Hillsboro.

DUTY TO TEACH MODERATION

Washington, June 7.—The duty resting upon the present generation to establish among the coming generation "the full conception of the obligation to reasonableness and to moderation," was emphasized in an address made by President Coolidge as the presiding officer of the National Oratorical contest held in Memorial Continental hall.

The President in a discussion of the Constitution—the subject of the addresses delivered by seven high school boys and girls in the contest for national oratorical honors—declared the American Constitutional system had justified itself.

"Impressive as have been the results of our experiment, gratifying as have been the tributes which imitation has paid, we realize that our system is not yet perfect," he continued.

"All forms of human organization must forever undergo the process of change, adaptation, evolution, to fit themselves to the changing needs of a society which can never remain stagnant. Change is inevitable and there must be intelligent capacity to direct that change in the right way.

"There is no greater obligation upon the community than that of properly educating its youth, of training its future citizens for the duties which in their time they must assume. The world has always contained a dangerously large proportion of people who have believed that the way of progress was by way of destruction.

"They would begin the reconstruction of human affairs by tearing down everything that has thus far been erected.

"The eagerness of the extremists, the revolutionists, is unquenchable. The only assurance against their machinations is to be found in the inculcation among the people of sound ideals of government.

"If we, in our generation, shall succeed in establishing among those who are to come after us the full conception of the obligation to reasonableness and to moderation, the next generation may find reason to thank us for making its way of life easier than ours has been. That, I take it, is the greatest collective wish of humanity in every generation, as it looks to the generations that are to follow."

ONE OF WORST SNOWSTORMS ON RECORD IN MONTANA

Missoula, Mont., June 10.—Kallispell was emerging Monday from one of the worst snowstorms in the history of Plattehead Valley, in which all records of precipitation for twenty-four hours were broken. According to a telegram received here, 2.24 inches of moisture fell.

GRADUATES WITH HIGH HONORS

Miss Lucille May Curtis of 415 Broad street, who is a member of the senior class at Radcliffe College, graduates from that institution with high honors.

During her college years she has held many positions of honor and responsibility. She was book editor of the college paper and this last year was house president. These and similar offices, were bestowed upon her by

MISS LUCILLE CURTIS

her classmates, showing their appreciation of her ability and personality.

She will graduate with the degree of A. B., Magna Cum Laude, and has also been notified that she is eligible to the Phi Beta Kappa society which takes only those of highest scholastic standing. The division of Modern Languages has awarded her the Solier prize of \$250 given for the best thesis presented by a successful Harvard or Radcliffe graduate for honors in English. This is the first time the prize has ever been awarded a Radcliffe undergraduate.

After her graduation she hopes to be the first girl from Portsmouth to represent the English Speaking Union abroad. She is to be entertained by an English girl, who is a teacher of education in London, England, and in return she will have the honor of entertaining the English girl in Portsmouth next summer. This interchange of America's and England's young people is for the purpose of binding the countries together in real bonds of fellowship and the right understanding.

RYE

Three primary Sunday school of Bethany Congregational Church gave a very pleasing concert on Sunday morning under the direction of Miss Vivian M. Jenness, superintendent.

The program was as follows:

NEW CASTLE

New Castle, June 10.—The world is young again with its wealth of billowy bloom and the island town is very festive with the blossoming of the trees and one cannot but gaze in rapt admiration at the pink and white blossoms unfolding to the sun. Surely Nature is at her best.

Mrs. C. W. White passed Sunday with relatives in Kittery.

Hugh Warren of Portland passed the week end at the Sea Breeze.

Harvey Frost of Somerville passed Saturday with relatives.

Mrs. Harry LeRose has returned from a short visit with her parents in York Village.

Mr. and Mrs. Burt Magoon of Rye passed Sunday with relatives.

Mr. and Mrs. Irving Butterfield, who have been sojourning at their cottage, have returned to their home in Somerville.

Mrs. George Amazeen of Springfield, Mass., will pass the summer at the Yeaton cottage.

Charles Lawrence of Manchester

passed Sunday with friends.

The attractive bungalow being built by Harley Remick of Portsmouth is fast approaching completion.

Mr. and Mrs. Charles Drowne of Boston have arrived to pass the summer at the Poole cottage.

George Simpson of the Rye Beach Coast Guard station is passing a brief furlough at his home.

Johnson has purchased the Meloon Johnson has purchased the Meloon property on Main street.

Mrs. Mabel Horten has returned from a visit in Haverhill.

SECOND BIG GUN HERE

Boston, June 10.—The sixteen-inch, fifty-calibre, 320,000-pound twin to America's most powerful coast defense rifle now at Hog Island, has arrived on a flat car from Watervliet Arsenal, New York, and will be moved down the harbor from the army base. Soley & Blair of Boston are the contractors in charge of the work. When mounted, the two guns will out-range the heaviest naval guns in the world, firing in any direction up to an elevation of sixty-five degrees and throwing a 230-pound shell twenty-eight miles. The new gun will complete the Hog Island battery.

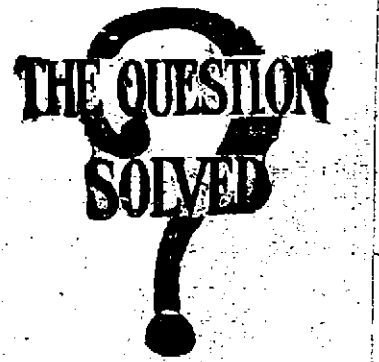

NOTICE

The regular Thursday night dancing class will hold their third annual dance at Rye Town Hall Thursday evening, June 12. 4c 39

DRY YEAST

BAKING POWDER

One of the many features of our Welding Service is that of Metal Cutting. With our Oxygen-Acetylene Torch we can quickly cut structural metal, boilers, iron doors and reduce heavy large junk pieces to small sizes. The service is very moderate in cost and often saves days of hard labor. Welding in all its branches also.

Chats

with your GAS man

The future of this company depends almost entirely on the character of our service and the number of satisfied customers on our books. The two go together. If service is good, our customers increase, the city grows and everyone benefits. But we must do something more than render good service in order to gain and hold the friendship of our customers. We must sell only the best gasburning appliances obtainable and do everything we can to assist our customers in the efficient, economical use of such appliances. Instead of our interest ceasing when a sale is made, it actually begins at that point.

Every appliance we offer for sale is first tested and approved. This practice automatically prevents you from purchasing shoddy goods and is your guarantee of satisfaction.

THE GROWTH OF DEMOLAY ORDER

Kansas City, Mo., June 10.—Frank S. Land, Grand Scribe, Order of DeMolay, with headquarters in this city, has announced the appointment of three new state deputy counselors by Alexander G. Cochran, Grand Master Counselor. These appointees are George F. Root, Newport, Vt.; Arthur R. Robinson, Indianapolis, Ind.; and Charles H. Spilman, Edwardsville, Ill. Each will head DeMolay in his state.

The order was founded by Mr. Land in Kansas City, April, 1919. Its initial membership was nine young men, 16 to 21 years old. There are now nearly 1,300 chapters of approximately 25,000 members. Besides the membership in the United States there are chapters in Canada, Australia, Mexico, Porto Rico, Philippine Islands, Italy and France. One of the main objectives of DeMolay is the development of high grade citizenship.

ELIOT

Eliot, June 9.—At its last meeting the Eliot Handicraft Guild entertained the members whose birthdays occurred in June. Thirty-three were present. At noon sandwiches, pickles, cake, ice cream and coffee were served. The members were busy on baskets (rugs and scarfs) and many plans for the coming exhibition and sale August were discussed. On Tuesday a demonstrator from the Dennison Company will exhibit and teach girls to use goods sold by them.

Mrs. Elizabeth Snow has returned after several days visit with her daughter in Boston.

Irving Carter is passing his vacation with his parents. Mr. and Mrs. Chester Carter.

Mr. and Mrs. Howard Libby and son Robert passed Thursday in Boston. Ruth and Albert Libby returned with them Thursday evening for their summer vacation.

Miss Gertrude Hammond is home from Orono.

Mrs. Mary W. J. Hanson is passing a week with Mrs. Emily Pierce of North Kittery.

Howard Bartlett and wife were recent visitors with his mother, Mrs. George E. Bartlett of South Eliot.

Mrs. Harlan Liebman is substituting for Miss Florence Raitt at No. 2 school. Miss Raitt is confined to her home by illness.

Mr. and Mrs. Ingis have arrived from New York and opened their cottage on Old road.

Mrs. Albert Libby of Chicago, who has been visiting her father, Dr. J. L. M. Willis for a few days, has returned to her home.

Charles Hausmond is reported as being very ill.

Roy Purbill of Boston and Belmont was a week end visitor, joining his family who are here for two weeks.

This week marks the closing of our schools and will be a busy time. Prize speaking at the Congregational Church Wednesday evening and graduating exercises will be held on Friday evening.

George Forbes, postmaster at Eliot, is to open a small store, grain, etc. Mr. Forbes is an overseas veteran and was badly burned during his service and will always bear deep scars.

Miss Ruth Spinney is passing the week end with her parents, Mr. and Mrs. Chester Spinney.

Miss Thornton of Old Acre is passing a couple of weeks in New Bedford and vicinity, visiting relatives and friends.

The baccalaureate sermon was delivered by Rev. Mr. Smith of the South Eliot Methodist Church. Mr. Smith is a very forceful speaker and very interesting and instructive. The subject was most convincing and one that could not fail to inspire the class to an effort to learn more about the world and ways of living in it. It has been said by a famous lecturer, "there are only two realities, man and

the universe." The problem of philosophy is to find the relation which one has to the other. We must take the class of 1924 with all its vast possibilities will delve until it has made life itself more capable of understanding the problem, striving always for greater excellence and advancement in knowledge, hoping always to reach a little higher plane in the few years left to them. Time is too fleeting to call even a lifetime very long. The Congregational church was well filled.

Charence Plaisted and Fred Shapleigh are doing the carpenter work on the Toudreau house, which was recently purchased by Boston parties and is being altered inside for immediate occupancy for the summer.

Mr. and Mrs. William Norton have moved to York Beach for the summer.

DETROIT WOMAN RECOVERS

**Health Much Better After
Taking Lydia E. Pinkham's
Vegetable Compound**

Detroit, Michigan.—"Your little book left at my door was my best doctor. I read it, then said to my husband, 'Please go and get me some of Lydia E. Pinkham's Vegetable Compound. I want to take it.' The first month I took three bottles of Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine, and used Lydia E. Pinkham's Sanative Wash. If you only knew how much better I feel! Now when my friends say they are sick I tell them to take Lydia E. Pinkham's medicines. I give the little book and your medicines the best of thanks."—Mrs. HAMERINK, 3765 25th Street, Detroit, Michigan.

In newspapers and booklets we are constantly publishing letters from women, who explain how they were helped by taking Lydia E. Pinkham's Vegetable Compound.

These letters should guide you. If you are troubled with pains and nervousness, or any feminine disorder, bear in mind that the Vegetable Compound has helped other women and should help you. For sale by druggists everywhere.

The problem of philosophy is to find the relation which one has to the other. We must take the class of 1924 with all its vast possibilities will delve until it has made life itself more capable of understanding the problem, striving always for greater excellence and advancement in knowledge, hoping always to reach a little higher plane in the few years left to them. Time is too fleeting to call even a lifetime very long. The Congregational church was well filled.

Charence Plaisted and Fred Shapleigh are doing the carpenter work on the Toudreau house, which was recently purchased by Boston parties and is being altered inside for immediate occupancy for the summer.

Mr. and Mrs. William Norton have moved to York Beach for the summer.

BAPTIST CHURCH

Children's Day was observed at the Middle Street Baptist Church, on Sunday morning with a special program of exercises. The pulpit platform was arranged to represent a garden with purple and white lilies and other flowers.

The pastor, Rev. E. M. Lake, D. D., conducted the opening exercises and the program celebrated a century of service from the sowing of the seed to the harvest fruits, as it was one hundred years ago in Washington, D. C., that what is now the American Baptist Publication Society was formed.

The program was principally by the children and divided as follows:

1. The beginning in 1824. Setting: the Golden Century garden. Characters, Rev. Samuel Cornelius, Rev. Noah Davis.

Song, Sowing the Seed, School 1824-1850. Characters: children of beginners and primary departments, representing sun, wind, rain, spring flowers. The spirit of the society and herald.

Song, The Flowers.

2. Summer Flowers. 1850-1872. Characters: boys and girls of junior department. Song by department, The Daisies.

Song, The Daisies, School 1872-1890. Welcoming the spirit of the denomination. Boys and girls of the intermediate department.

5. Golden autumn and fruits, 1872-1924. Young people's department, representing printers, colporters, editors, Miss S. S. Paper and attendants, Miss Religious Education and attendants, song, department.

Song, Harvest Fruits, solo. Chorus by school, department quartet.

6. Taking Golden Century offering with offertory song, A Golden Century, by school. Dedictory and closing prayer by Sunday School Superintendent Remick. Prayer, song by school. Benediction. Pastor Postlude.

The children brought their mite boxes in which they had been saving their pennies for some weeks and a good sum was collected.

SERVE FINE SUPPER

Star Lodge of Odd Ladies served a public supper at Sons of Veterans Hall Saturday evening from five to seven o'clock, to over a hundred patrons. The menu included cold meats, baked beans, salads, pickles, rolls, fancy pies and coffee.

The general committee in charge was Mrs. Della Dixon, assisted by Mrs. Harriet Moore, Mrs. Seddie Cross, Mrs. Belle Fowler, Mrs. Lavinia Nichols, Mrs. Edmund Pike, Mrs. Mary Bridge, Mrs. Florence Wood, Mrs. Susie Delano, Mrs. Annie Butler, Mrs. Lottie Tully, Mrs. Edith Somerville, Mrs. Mildred Bickford had charge of the tickets.

Rev. William Safford Jones is attending the graduation exercises of the class of '24 at Lasell Seminary, Auburndale, Mass. Miss Frances Bagzer of this city is one of the graduates.

UNSEEN AUDIENCE OF 20,000,000 TO HEAR SPEAKERS

Cleveland, June 10.—Twenty million people will hear the voices of the speakers at the Republican National convention according to G. T. Harkness, vice president of the American Telegraph & Telephone Co., in charge of radio, who is here conferring with the committee in charge of radio-casting the convention.

It will be the biggest radio-casting event that has ever been attempted, he said. Receiving stations in New York, Providence, Schenectady, Chicago, Pittsburgh, St. Louis, Hastings, Neb., Kansas City, Cleveland, Washington and probably Cincinnati and Minneapolis, will get the proceedings of the convention and relay them simultaneously.

James L. E. Jappe, local convention secretary, explained the arrangements. The amplifier on the stage will carry the voice direct to the microphone at the west side of the Public Auditorium. An observer at the east side of the stage will announce the names of speakers and explain the applause. The music of the band at the rear also will be radio-casted.

Edwin D. Barry, radio director, and Jacob Graul, chief of police, have arranged for roping off an area outside of the public hall where 100,000 persons may follow the proceedings.

No such elaborate system for the transmission of news has ever before been set up as is being planned by the American Telegraph & Telephone Co. in the large exhibition hall in the basement, where spaces have been partitioned off for the press and committee rooms. Stairways have been cut from either side of the platform for use of the correspondents.

Radio photographs will be taken and transmitted and motion pictures of the scenes in the Convention hall sent off by airplanes stationed at landings on the lake front close to the hall.

Then the whole nation may listen in on the Republican convention.

FINAL MEETING

The last meeting of the season of the New Franklin Parent-Teacher association was held Friday evening with a large attendance.

Mrs. John Steele gave an interesting report of the Community Council and Miss Fannie Chapman, principal of the school, reported on the State Parent-Teacher meeting recently held at Nashua.

Plans were made for the annual picnic which will be held Saturday, June 21, at Wallis Sands.

The prize essays on "The Meaning of Memorial Day" were read by Estelle Pray, grade 6, and Emerson Trefethen, grade 7. Winners in the contest, who were presented with large dictionaries by the Parent-teacher association.

Mrs. Morrison Weston rendered several selections in a most pleasing manner. Mr. Seal, principal of the Junior High school, gave a talk on Junior High school which was much enjoyed by all.

Refreshments of ice cream and cookies were served by a committee in charge of Mrs. Campbell. Games and dancing were enjoyed by all.

\$72,000 JOB WILL HELP NAVY YARD

Will Start Work on Patrol Boats As Soon As Funds Are Transferred--Expect to Get More Building

The Portsmouth navy yard was officially notified on Monday by Assistant Secretary Roosevelt that work on the three patrol boats and the Coast Guard would be started as soon as \$72,420, the total amount allowed for the same, could be transferred from the Treasury to the Navy Department. The boats are to cost \$24,140 each. According to the contract the first boat is to be completed in 120 calendar days, the second in 200 days

and the third in 270 days. The local yard will make bids on several more of this type of boats and will likely be successful in securing more work of this kind which means an increase in the mechanical force at the expense of the Treasury Department. The building of the boats does not in any way interfere with the regular navy work in the yard and in no way detract from the funds allowed for that work under the several budgets.

McINTIRE HERE FOR TONIGHT'S BOUT WITH HENNESSEY

Johnny McIntire of Portland who is to meet Spike Hennessey of Waltham in the main bout here this evening arrived in town on Monday evening. McIntire looks more like a college student than a boxer for he is a clean looking, well dressed lad, quiet and unassuming and does not talk shop. He has a very pleasing personality and it is small wonder that the Portland fans think so much of him.

In speaking of Hennessey he said that he is a tough lad, one who is going all of the time, and while he is confident of getting the decision he said that he understood that Hennessey who was dissatisfied with the decision in the six round bout in Port-

land some months ago, is confident that he can get him in the ten round route.

McIntire says that the Desautel-Cote bout is bound to be a whiffwind. He saw them go some weeks ago in Portland and said that it was just as fast a bout as he has ever seen. Cote is the same aggressive type that Desautel is and he does love to trade right into the fight from the opening.

CLAIMS SHE IS METCALF'S WIFE

Portsmouth Woman After Two Years Files Claim for Part of Money Left to Another Woman

Mary P. Metcalf of this city figured in an unusual case in the Supreme Court of Equity at Portland on Monday. She claims to be the wife of William H. Metcalf who died on Oct. 14, 1922 from injuries received in an accident while he was employed by the Grand Trunk Railroad. She is seeking a portion of the estate left by her husband although it is said, the time allowed for the filing of such claims has elapsed.

When Mr. Metcalf died he left a will in which he bequeathed his property to Sarah R. Caswell of Portland. The will was duly probated and Joseph A. Connellan appointed executor.

Six months period in which claims may be filed had passed and nothing was heard from the Portsmouth woman. Now nearly two years after Mrs. Metcalf appears and claims that they were married in 1906 and that they lived together for one week.

William A. Connellan of Portland, appearing as counsel for the executor of the will, told Judge Sturgis who heard the case that it was not known that Metcalf had a wife and that no provision was made in the will for a widow. Arthur E. Sewall of this city appeared for Mrs. Metcalf and argued that his client did not learn of the death of Mr. Metcalf and by reason of this misfortune failed to present her claim earlier. Her petition asks that equity now permit her to take half of the estate left by Mr. Metcalf which includes the sum of \$4000, coming to the estate as a result of his injuries and subsequent death.

BRIEF BITS

Some game.
Is this June?
May be snow next.
Coal will be higher.
We have a new band.
The P. A. C. opened strong.
Camden—Atlantic Dye today.
We had warmer weather in April.
Take no chances—get in your coal.
The thermometer was 43 at 3 a. m.
Dover was glad to hear the mill bell.
The bathing suit is much in evidence yet.

No meeting of the City Council until June 20.

The hay and apple crop promises to be good.

The last game in the Sunset League is August 25.

The Masons are busy on St. John's Day program.

Miller Ave. is completed and a fine piece of work.

For some reason a model husband is seldom a model anything else.

"Girls will be girls" in spite of the fact that a lot of them are trying to be boys.

How many will be conspicuous by their observance of Father's Day next Sunday?

The Rollins case in Hampton police court today drew much attention from the public.

Ringling Brothers circus, exhibited in Portland on Monday but had no street parade.

A rich man can afford to dress poorly and a poor man can't afford to dress richly.

The man who likes to drive his car a mile a minute doesn't drive it that fast going to his job.

A pessimist is one who thinks a little touch of grafting makes the whole world "akim."

It has become nearly impossible to find a Police Gazette, since women began monopolizing the barber shop.

GRADUATES FROM WEST POINT

Rev. E. S. Tasker, Mrs. Tasker and their two daughters are spending this week at West Point where their son, Harold, graduates on Thursday.

Cadet Tasker holds the rank of third cadet captain and supply officer of the corps, is president of the Y. M. C. A. and a member of the chapel choir of 160 voices. The organ is claimed to be one of the finest in the country and the music is grand.

The first cadet officer and regimental commander is Cadet Vernon Lee, a relative of Gen. Robert E. Lee, and as Tasker has Civil War pedigree it is a happy union of "Johnnie" and "Yank". The graduating class numbers over 400. Tasker expects to go to the Philippine Islands with Lee in September.

Major Arthur M. Tasker, U. S. A., Medical Corps, was here recently as the guest of Dr. Tasker. After graduating from Wesleyan, George Washington Medical school and the army medical school he served two years in the Philippine Islands and had tours of duty at the Presidio, San

Francisco, Forts Hancock and Wood in New York, Postgraduate hospital, New York city, and served in France two years and four months, one year in charge of a large base hospital and then as sanitary inspector. He is now assistant librarian of the Army Medical Library in Washington, editor of the Index Medicus and lecturer and instructor at Walter Reed hospital and before classes of medical officers.

He received the medal of the Legion of Honor from the French government and a citation from General Pershing for distinguished services.

VICTORY FOR FRESHMAN NINE

The Freshmen of Traip Academy were again victorious in a five inning game when they beat the six best players of the Eagles and Wentworth School along with Burgess Dorr of Traip's first team, "Red" Holland and Clifford Flanders of Portsmouth high. The final score was 3 to 4. The Freshmen will finish up a successful season this week by playing the Austin school of Kittery and the Nifty Nine of Portsmouth.

The game with the Austin school promises to be a fast one, as this team succeeded in trimming the Freshmen by a small margin in the first game on the Freshmen schedule.

In yesterday's game, Clark, Fellows, Seaward and Jones starred for the Freshmen, while Holland, Dorr and Flanders starred for the opposing team.

The batting order and lineup was as follows:

Freshmen—Mullen 1b, Jones 2b, Clark p, MacDonald 1f, Seaward 3b, Tobey ss, Fellows c, Curran cf, Walukinas, rf.

Also Rans—Holland p, Flanders 1b, Pruett c, G. MacDonald ss, Williams lf, Collins rf, Brown 2b, Dorr 3b, Paisley cf.

PORTSMOUTH TO HAVE NEW BAND

Old Band Reorganized With New Members and New Leader

One of the latest moves in musical circles is the reorganization of the Portsmouth City Band under the leadership of John D. Metcalf as director and manager. The band has been increased in membership and more musicians will be added to the ranks as fast as they can be found and meet the requirements. The latest additions are trombone, clarinet and alto.

The new leader needs no toastmaster.

ter to introduce him to the people of this city. He is an excellent musician and knows band work in every detail. The band will be a credit to the city and already has many engagements including that of the Masons on St. John's Day, July 4, the Elks Boston parade and others. Active and well attended rehearsals are held every week and the musicians are showing lots of interest.

AUTO HIT POLE

Mr. and Mrs. L. E. Spinney of Rye had a narrow escape from a serious accident this morning when their auto left the road crashing into a telephone pole. The pole was severed and the car badly wrecked. Both occupants escaped without injury.

OLDEST ELIOT RESIDENT DIES

Charles F. Hanscom, the oldest resident of Eliot and holder of the Post cane, passed away at his home in Eliot early this morning.

Mr. Hanscom was 93 years of age and had resided in his present home during the past 32 years. He is survived by one daughter, Mrs. Carrie H. Goodrich.

Services will be held from his late home Thursday afternoon at 2 o'clock. Friends invited.

COMFORT SHOES

For real solid foot comfort there's nothing like a fine soft kidskin shoe, not too high a heel, and with a turned oak leather sole. Our comfort shoes for women are real "comforts" and they look good, too. Not high priced either. Most styles \$3.00 to \$5.00.

This cut illustrates style No. 36—high grade upper leather—medium full toe—medium toe—medium heel, and with fine quality flexible soles. Priced at \$3.50. Other styles in strap pumps and boots.
